Italian Warehousing Solutions

Italian Warehousing & Conto Deposito

When transporting precious wines and spirits, the global beverage industry has come to rely on the comprehensive specialist services of JF Hillebrand. We have been at the heart of the European wine trade for over 160 years, and today we have a global office network with operations in every wine producing country.

Our Livorno warehousing solution, located at Interporto Amerigo Vespucci, Livorno, provides a world-class storage facility for wineries and beverage producers across Italy. From our warehouse, our global network of offices and local experts ensure that your products are transported safely and swiftly to their final destination.

Warehouse details

- Strategically situated close to Livorno port, for swift distribution throughout the world
- Close to major highways and rail networks
- Custom built warehouse tailored to the precise needs of the wine and spirits industry
- Fully bonded with on-site customs clearance facility
- 9,000 m² / 97,000 ft² in size, out of which 2,800 m² / 30,000 ft² as temperature controlled area, ensuring your product is kept at optimum condition
- Fully insured, with 24/7 state of the art security systems
- In compliance with all international regulations on hygiene and safety
- Palletisation, slip sheeting, labelling, container safety and VinLiner services available on request

Conto deposito, highlights and benefits

By using our warehousing services, our customers can accelerate delivery times, cut costs of distribution and ensure product quality. Conto deposito allows our customers to:

Increase visibility

- Full visibility of stock and orders via JF Hillebrand's Axis order management system

Reduce working capital and increase efficiency

- Maintaining an optimal stock inventory, closer to your markets, facilitates just-in-time replenishment
- Increase peak time stock availability
- Ship what you need to, when you need to
- Consolidate portfolio products into a single export shipment

Experience cost and cash flow benefits

- Defer VAT on products stored pending export
- Benefit from low off-site storage charges and LCL shipment options

JF Hillebrand Italia SPA

JF Hillebrand Italia Spa was opened in 1985, in the historic city of Florence in the heart of Tuscany. In 2011, Ferry International, based in Milan, became part of the Hillebrand Group. Today JF Hillebrand employs 56 people across the two offices.
